**Greg Jordan:** Hi my name's Greg Jordan. I own a FISH franchise in metro Atlanta and we serve inside the perimeter of north Atlanta, Buckhead, and one thing we do that's a little different than other window cleaners. Number one, we don't ride around with dirty water in the back of our truck. We're professional, we're licensed, bonded, and you can trust in your home or in your business and we will definitely guarantee 100% satisfaction so please give us a chance. We'd love to have you as a customer.
