In honor of Random Acts of Kindness Day, volunteers went to Rising Tide Ministries to clean their windows. They say they chose this non-profit because of how it gives back to the community. The leaders of Rising Tide described this show of appreciation as a blessing.

Lisa Gerdes, Director, Rising Tide Ministries

Lisa Gerdes: We are so incredibly blessed to have them cleaning our windows. You know, first impressions, when somebody walks up, if the windows are dirty, if the outside is unkept, it makes an impression. We want to make a good first impression.
