

## **Random Act of Kindness by Window Cleaning Company – WRTV abc**

**News Anchor:** An Indianapolis company that works to make sure its clients get the best view of the world are also helping to spread random acts of kindness.

Today employees from Fish Window Cleaning chose to give back to an organization that spends its time working to help others. They cleaned the windows for free at GiGi's Playhouse in Castleton, a support center for people with Down Syndrome and their families.

**DJ Miller, Fish Window Cleaning:** We like to at least do a random act of kindness. Come out for the community and put a smile on people's faces. Sometimes people might be going through something and the little things we can do, be good for them, be good for us.

**News Anchor 2:** Great to see that a random act of kindness goes so far, doesn't it?

**News Anchor 1:** Everyone needs a smile.
